PROJECT MANAGEMENT INSTITUTE HONORS TORONTO BASED SPM LEARNING LTD. WITH PROFESSIONAL EDUCATION PROVIDER AWARD

Toronto, ON, October 12, 2010 — SPM Learning Ltd. was awarded the Project Management Institute (PMI®) Continuing Professional Education Provider of the Year Award in the Corporate/Government/Association Category for its exceptional skills in the delivery and implementation of a professional development program in project management.

About SPM Learning Ltd.

SPM Learning Ltd. is an international award winning boutique learning and development firm. With their sister organization, SPM Group Ltd., they are a pioneer in the field of strategic initiative management which provides organizations the capability to effectively execute strategy and deliver business results. SPM Learning equips leaders, managers, and teams with the essential professional development, tools, skills and support mechanisms to maximize strategic and project success. Since 1991, SPM has been improving individual and organizational performance through our suite of services: training, assessments, coaching, mentoring, course and curriculum design, development and consulting.

“The PMI Awards Program recognizes excellence in project management across a broad array of categories for organizations, individuals, community advancement and our chapters and their volunteers,” said Gregory Balestrero, president and CEO of PMI. “Winning this award is a testament of the value that SPM Learning Ltd. brings to project management and to its varied stakeholders.”

SPM Learning Ltd. accepted the Continuing Professional Education Provider of the Year Award in the Corporate/Government/Association Category on October 9th during the PMI Awards Ceremony at PMI® Global Congress 2010 - North America in Washington, D.C.

About Project Management Institute (PMI)

PMI is the world's largest project management member association, representing more than half a million practitioners in over 185 countries. As a global thought leader and knowledge resource, PMI advances the profession through its global standards and credentials, collaborative chapters and virtual communities and academic research. When organizations invest in project management, supported by PMI, executives have confidence their important initiatives deliver expected results, greater business value and competitive advantage.
